TOWNVILLE SCHOOL

The School Improvement Association of Townville school has started a new year's work with renewed energy and strength. The association during the past year has accomplished great and lasting good for the school and community. Last year the association elected an able and energetic corps of officers who were unanimously re-elected this year. They are as follows: President, Mrs. J. B. Ligon; vice president, T. B. Jones; treasurer, Plegas Mahaffey; secretary, Mrs. S. A. Jones; Cor. sec., Miss Florrie Dunlap.

The association gave a reception to the patrons and teachers on Friday night, October 3. An elaborate program was carried out, being presided over by Mr. T. B. Jones, who in his genial good humor welcomed the teachers in behalf of the association. Following him were short addresses by the Revs. Hawkins, Hollingsworth and Meyers, representing the churches. Concluding the program Chairman J. W. Dickson spoke in behalf of the trustees. At stated intervals during the evening delightful music was furnished by Miss Florrie Dunlap assisted by Mr. Frank Hawkins. At the conclusion of the program delicious coffee and sandwiches were served by Misses Jeanett Boldt, Lila King, Winnie Grube, Mary Jones, Dorris Price, together with Johnnie Hatcher, Albert Hawkins and Raymond Gaines.

The teachers for the year are as follows: C. N. Witt, of Americus, Ga., a graduate of Wofford, principal; Miss Nell Hellett of Fountain Inn, graduate of Randolph Macon; Miss Jean Kumerly of Greenwood, graduate of Wesleyan and Woodbury Normal. Miss Florrie Dunlap of Winterville, Ga., has returned and resumed her duties as music teacher. The association is greatly indebted to Miss Dunlap for her splendid work of last year and for her music on public occasions.

Last year the association purchased a piano for the school auditorium furnished the class room with modern blackboards, and after other miscellaneous expenses closed the year with \$50 in the treasury. This year the association has placed sanitary drinking fountains and song books in the school.

It is the plan of the association to affiliate a \$5,000 bond issue for a new

DON'T BE AT WAR WITH YOUR EYES

PERFECT SIGHT ESSENTIAL

Failing vision on an enemy to comfort and pleasure can be nursed into normal condition by glasses that are accurately focused, ground, and adjusted to meet the necessary requirements.

COLLEGE NOTES

The Athletic Association has been reorganized with the following officers: Miss Maggie Shirley, president; Miss Una Pettigrew, vice president; Miss Nelle Darracott, secretary-treasurer. Almost every girl in the dormitories is an active member of the Association. This organization has been very active in the life of the college since the opening two years ago, and they are planning work for the present year that will stimulate athletic and college spirit generally.

The senior class has elected Miss Esther Lawrence of Duluth, Minn., as its president; Miss Nettie Jackson of Starr, vice president; Miss Margaret Clinkscale of Hones, Path, secretary.

On last Wednesday at the chapel hour, Miss Stranathan gave a talk before the school on oratorio and sang the Aria: "He was despised and Rejected of Men" from Handel's master piece the Messiah, which was a treat to all. On another Wednesday morning recently, the feature was a beautiful rendering of one movement of the Greig Sonata by Mr. Goode. In addition to his exquisite interpretation his prefatory remarks were interesting and instructive.

Mr. Kinard and family are now occupying the beautiful home on the campus. The appearance of the campus is greatly improved by the addition of this handsome residence.

Miss Boatright of the faculty of 1913-1914, who has been a visitor at the college, has gone to Greenville on a visit.

Mrs. Pratt of Michigan, spent a few days with Miss Alward last week. Mr. Faithfull has had as his guest his cousin, Mr. Nichols, of Virginia.

SCHOOL-LOGY

"Multiplication is vexation,
Division is an bag;
The Rule of Three doth puzzle me,
And fractions make me mad."
Every little missed lesson thus meaning all its own.

"We all can calculate the speed
With which five ate the apple,
But who can calculate the speed
Of him who's late to chapel?"
To study (not) to miss, and then to stay in.

In the sad fate of many a pupil,
County that day lost whose low de-
scending sun
Views from thy books no marks of
perfect won.

Every pupil is a perfect pupil to himself.
It isn't always what we learned
from the lesson; it's sometimes what
we tried to learn.

"If you would have your learning
stay,
Be contented, don't learn too fast;
The man who travels a mile each
day
May get round the world at last."

School Society.

The following program was carried out by the Literary Society of the High grade of the Belton Graded school on Oct. 16th:

Roll Call.
Debate: Resolved, that cotton is more useful than corn. Affirmative: Sarah Colburn and Arlington Ragdale. Negative: Mary Clement and Clarence Cox.

Story read by Shirley Haynie.
Recitation by Mamie Boyce.
Story told by Max Greer.
Recitation by Sam Butler.
Jokes by Eugene Deck.
President, William Harris; Secretary, Mary Clement.
Miss Susan Covington, Teacher.

ATTENDING LAURENS FAIR
Miss Maggie Garlington, county supervisor of rural schools, is in Laurens attending the Laurens county fair. Miss Garlington is interested in the school exhibit at this fair, and hopes to get some ideas from it that will aid her in the work she is doing in Anderson county.

Notice of meeting.
The annual meeting of the subscribers and friends of the Anderson County Intelligencer will be held in the Chamber of Commerce rooms, Tuesday, Oct. 28, 10 p. m. for the purpose of electing trustees and such other business as the meeting may see fit to transact.

R. S. LIGON, President
KATHERINE STALLING, Secretary.

Rev. W. H. Frazer, D. D., headmaster of Frazes Fitting School, Anderson, S. C.

Belton Graded School.

The Belton school opened September the seventh, with an enrollment of about three hundred pupils. Since then quite a number have been added. We are delighted to report that our school is among those that are coming to the front.

On September the twenty-fifth, we organized our literary society. Lucy Drake was elected president; Georgia Fant, vice president; Frances White, secretary; George Brown, chief monitor; Miss Helen Goldsmith, critic.

Every Tuesday the school is entertained in chapel by the different grades. Last Tuesday one of the most interesting programs was rendered by the fourth grade.

Our basket ball team played Honea Path last Friday, the scores were nine to fourteen in favor of Honea Path. On next Friday Anderson is coming down to play Belton to be victorious.

Elsie Ragdale, 9th Grade
Belton Graded School.

ROBERTS SCHOOL

An auspicious opening was that of the Roberts school which took place Monday morning at 10 o'clock in the presence of a large number of the patrons and friends of the school. The school is one of the leading schools in the county, and it is fortunate this year in the selection of a corps of teachers. Prof. R. A. Abrams is the principal, and he will be ably assisted by Miss Anderson and Miss Derriault.

Properly at the appointed hour Hon. S. A. Burns called the meeting to order and introduced Mr. Hollingsworth, Presbyterian minister at Townville, who led in the devotional exercises.

Following these exercises Dr. W. H. Fraser, headmaster of the Fraser Fitting School, delivered the principal address of the occasion. His remarks were exceptionally good and were received in the spirit in which they were intended.

Following Dr. Fraser's address, Prof. Abrams was called upon and made a ringing speech, setting forth the plans for the school year, and giving some wholesome advice to the pupils of the school.

Miss Maggie Garlington, county rural supervisor, was next called upon and explained the work she is doing in the county.

Miss Garlington is a favorite in the community, and was well received.

SUP. J. B. FELTON.

No county in the State has a more conscientious, devoted, or capable county superintendent of education than has Anderson county in the person of Mr. J. B. Felton. Always alive to the best interests of the schools of the county, and so true to his work, he has just been re-nominated for a second term without opposition. This is a tribute to his worth, and one which was highly merited. Young, energetic, and ambitious, he is bound to succeed. More now schools have been built in Anderson county in the past two years than in any county in the State, and the alertness of trustees and teachers is due in a large measure to the thoroughness of the county superintendent of education. What is said above of Superintendent Felton can also be truthfully said of his helper and collaborator, Miss Maggie Garlington, except more so.

Toned Up Whole System.
Chamberlain's Tablets have done more for me than I ever dared hope for. writes Mrs. Esther Mae Baker, Spencerport, N. Y. "I used several bottles of these tablets a few months ago. They not only cured me of bilious attacks, sick headaches and that tired out feeling, but toned up my whole system." For sale by Evans Pharmacy and all dealers.

PENDLETON SCHOOL

The school house at Pendleton is situated in the northeastern portion of the town. It has a triangular ground covering about four acres. An evergreen hedge, the gift of the ladies of the Civic Association, is growing on all sides. The building has seven rooms and an auditorium. The appearance of our building has been greatly improved by a new coat of paint. The body of the building is painted grey and is trimmed in white, while the roof is dark red, making a very pleasing combination.

Our school opened on September 14, with an enrollment of one hundred and twenty. We were glad to see a number of the people of the community out for our opening as it shows that they are interested in what we are doing.

We think we are very fortunate in again securing Mr. Hanna and four of our last year's corps for our present session. Mr. Hanna and Miss Moutchen have charge of the high school, Miss Mahaffey of sixth and seventh grades, Miss Ethel Cole of fourth and fifth grades, Miss Alma Cole of second and third grades, Miss Hinnart of first grade.

With the help of these teachers we hope to make this the best year yet. Baseball seems to be the leading game among the boys as we have three teams playing at once.

The girls spend their leisure time sauntering around, talking or playing games.

Our first month's work was very successful. Each pupil is required to pick up all the paper he sees to help improve the looks of the yard.

A large crowd enjoyed Dr. Edwin Hall's lecture, on the "Evolution of a Girl," given recently in our auditorium. Dr. Hall is very entertaining and we hope to hear him again soon.

Pupils of Pendleton High School.

CLEMSON COLLEGE

(Special to The Intelligencer.)
CLEMSON COLLEGE, Oct. 17.—Auburn defeated Clemson today in a hard fought game on Auburn's home field. Auburn scored one touchdown each quarter, always kicking good.

Auburn received and kicked on the third down. The ball went to Clemson's 5-yard line where James received it, but was quickly thrown. Clemson attempted to kick out but the kick was blocked and an Auburn player fell on the ball for a touchdown. Auburn made a long run in the second quarter for a touchdown. Blizz did the same stunt in the third quarter.

In the last quarter several end runs scored another touchdown for Auburn. Webb, James and May were the stars for Clemson.

Freshman 7 am.
The Freshmen defeated Riverside in a hard fought game today on the campus. The teams were evenly matched, and both teams played good.

All in the first quarter Reener (Clemson) got away around left end for a touchdown. Finley failed to kick good. Score: Riverside, 9; Clemson, 6.

All the Freshmen played good ball, but the playing of Kuykendall, Reener, Finley and Marshall was especially noticeable.

BROYLES SCHOOL

The Broyles school, in District No. 67, opened its session Monday morning with a good attendance of pupils. This school is in charge of a competent corps of teachers and a most successful session is predicted. Mrs. Madison, a teacher of ability and experience, is principal, being ably assisted by Miss Mattie Robbins.

Double Springs School.

An auspicious opening session of the Double Springs school was held at the handsome school building of the district, Monday morning, there being present a large number of pupils of the school, the trustees and a goodly number of visitors. Those who will direct the activities of this school for the next session are Prof. F. C. Hawkins, principal, Miss Crawford and Miss Benscaccia Branyon, assistants. These teachers are all experienced and capable instructors, and a bright session is predicted for the school.

The opening exercises were scheduled to begin at 10 o'clock in the morning, the county superintendent of education and the editor of The Intelligencer having places on the program. Unfortunately for such arrangements these gentlemen attempted to make this trip in an automobile, and thus be able to attend several school openings, but when an auto ought to run but won't, engagements cannot be kept. So after waiting as long as they could, the exercises were held without these speakers being present. There was no lack, however, of able speakers. Rev. W. B. Hawkins, of Townville, and Mr. T. B. Jones addressed the audience, after which the principal spoke most earnestly to his school outlining the duties of the pupils and the patrons of the school.

Superintendent Felton and Editor Smoak arrived at the school early in the afternoon, and on the school being assembled addressed the teachers and pupils. Mr. Felton urged the importance of accomplishing well what one undertakes to do, and stressed the value of a trained mind.

The trustees of the Double Springs school district are Messrs. J. M. Richardson, R. A. Sullivan and J. W. Grover. The building is one of the best in the county, having three rooms, with library and splendid equipment. A school improvement association will be organized at once, and added by the very live faculty much good will be accomplished by this organization.

Cecil's Business School.

It is hardly probable that any other single institution in the city or county has done more educational work of a kind in Anderson county than has Cecil's Business School. Launched in Anderson two years ago, the school has met with steady and continuous success and today it ranks with the best schools for the training of young men and women in all the State.

Prof. L. M. Cecil, who has the personal charge of the Anderson school, is one of the best known educators in this part of the State and is a man of real ability. He has sent out in Anderson county hundreds of young people, equipped to take care of positions of any nature and each year his school is sending out fresh students to fill new places.

There are three of the Cecil schools, one in Anderson, another in Greenwood and one in Spartanburg.

Prof. Cecil said yesterday that he always had applications for bookkeepers, stenographers and typewriters sufficient to take care of practically every graduate from his school, and the best part of it is that almost all his students get places either here in Anderson, if this is their home, or in whatever town they live.

Stop those Early Bronchial Coughs

They hang on all winter if not checked, and pave the way for serious throat and lung diseases. Get a bottle of Foley's Honey and Tar Compound, and take it freely. Stops coughs and colds, heals raw inflamed throat, loosens the phlegm and is mildly laxative. Chas. T. Miller, Ed. Enquirer, Cannelton, Ind., had bronchial trouble, got very hoarse, coughed constantly from a tickling throat. He used only Foley's Honey and Tar Compound. Was entirely relieved. Wants others to know of Foley's Honey and Tar.

For sale by Evans' Pharmacy.

OLD VARENNES

We enjoy reading your paper, and will try to write the news of our school for it.

The Improvement Association had its first meeting this year, the fourteenth of October, at the school house. The following officers were elected: Miss Josephine Kerr, president; Mrs. G. M. Reed, vice president and Mrs. J. H. Anderson, secretary and treasurer.

They are planning to improve the school grounds by planting various kinds of flowers.

Our average attendance for September was 99 1-2 per cent. One way we keep up our average is by having those who have to work come early and recite their lessons so that they may get home by 12 o'clock. We are competing for the highest average attendance in Anderson county.

WALKER-McELMOYLE

The Walker-McElmoyle school opened Monday morning, Oct. 12, under auspicious circumstances. Quite a number of the parties attended the opening exercises. They were enthusiastic over the prospect for a successful session. Several of those present addressed the pupils and teachers, speaking words of encouragement and promising their ready support and co-operation. All indications point to a year of educational progress in this community. The teachers employed are: Prof. J. M. Hunter, principal; Miss Cora Haddon of Donalds, has charge of the intermediate department; Miss Ernestine Rankin, of Liberty in charge of primary work; Miss first grade.

WILLIFORD SCHOOL

In the splendid new school building of the Williford school, the session for 1914-1915 began Monday morning with Miss Wallis McDowell as principal. There was a goodly crowd of the patrons and friends of the school present, as well as the Board of trustees, County Superintendent of Education J. B. Felton, and Miss Garlington. The meeting was called to order by Mr. Felton, who read a chapter from the Bible and led in the devotional exercises. Miss McDowell then welcomed the visitors and made a short talk to the pupils, after which the work of the school commenced. Miss McDowell will be alone in charge of the school till the beginning of the second month when she will be joined by her sister, Miss Lura McDowell, who will act as her assistant.

Messrs. R. H. Tilly, W. F. Nokes and R. W. McLean are the trustees of this school, and assisted by the patrons, they have just completed a handsome new school building for that district. It is a two-room structure modeled after the Hammond school, which received so much favorable comment when it was opened last session. The Williford district has had a special levy of four mills for several years and accumulated enough money for building this handsome structure.

This school has an active school improvement association of which Mrs. J. L. Harris is president. Mrs. R. H. Tilly, vice president; Mrs. R. H. Tilly, secretary and treasurer. An important meeting of this association will be held Friday afternoon at 2 o'clock.

NOTICE

We are doing superior work at our signery. Swap meal and hull corn seed. Also have five hundred bushels of Bancroft's Profitable Oats (grain seed) for sale or exchange for cotton seed. Price \$1.25 per bushel or one pound oats for four and one-half pounds cotton seed.

9-26-1ms. OLUCK MALLS.

Rushed the Order

A TRAVELING Salesman, while in Nashville, Tenn., took a large order, promising delivery in ten days. It would take two days for the order to reach the Home Office by mail. It took him only a few minutes to telephone the order from a pay station of the Bell Telephone system.

Time saved by telephoning orders often means fulfillment of contract.

When you telephone—write
